SEAFORD / MOANA NEIGHBOURHOOD CENTRE INCORPORATED

BULLETIN

Our mission: To provide a Neighbourhood Centre that is warm, welcoming and reflects the developing interests of our community, with a sense of equity.

GRAND OPENING!

You are invited to the Seaford/Moana Neighbourhood Centre on the 25th of February to check out our new **Café, Meeting Spaces and Computer Suite**. Come down for morning tea and enjoy a coffee from our new **Espresso Coffee Machine!**

All are welcome!

Just a few things for the coming year.

We would like to take this opportunity to welcome you, or welcome you back, to the Seaford/Moana Neighbourhood Centre for another year of activities, courses and friendship.

You will notice that we have had some increases to our course costs, we continue to look for funding to subsidise our programs however from time to time we do have to raise our fees a little, to help cover the ever increasing costs associated with running our Neighbourhood Centre and also with ensuring we have quality tutors for our programs.. We would like to thank you for your support with this.

Our new café area is now open so that you can have a place to go and meet before or after your activity for a cuppa and a chat. Our new espresso machine (which makes a variety of coffee styles) is available at a very competitive cost. We will continue to offer tea and instant coffee for 60 cents per cup, please note that tea and coffee is not covered in your course/activity fee.

When attending an activity at the Centre you must have your name ticked off of the attendance form at the reception, this is to ensure that we know who is at the Centre at all times it is a legislative requirement; in the rare but possible event of an accident or evacuation, we need to know who is on site.

We look forward to working with you and hearing any new ideas you may.

COMPUTER COURSES!!

SEAFORD/MOANA NEIGHBOURHOOD CENTRE has a variety of high quality computer courses available for tuition. It doesn't matter if you are a complete novice or a more advanced student, there is something here for everyone! If you are wanting to gain skills for employment, business, school, your hobbies or your home, then let our university trained tutors teach you in easy-to-understand terms. Each course represents incredible value for money. To complete the same content at any other educational facility would cost you three to four times as much!

We have arguably the best computer learning facility in the Southern area - one computer terminal per person (no need to share!), powerful computers, HUGE 22 inch screens, and no overcrowded classrooms (maximum of only 6 students per class - that's nearly one-on-one tutoring!!) Come and see our newly renovated computer room and check out some of the courses below:

Astronomy

"Our Curious Cosmos"

Come on a tour of the Universe! Explore from the depths of the Sun to the furthest reaches of Space, discovering along the way the mysteries that make the stars burn and the planets turn. In the course of the presentation we'll discuss the make-up of the Solar System (what the planets are made of, what comets and asteroids are) and also find out about more exotic objects like quasars, pulsars and black holes. Our Curious Cosmos is aimed at the beginner and experienced astronomer alike, so all you'll need to bring along is a curiosity about the Universe.

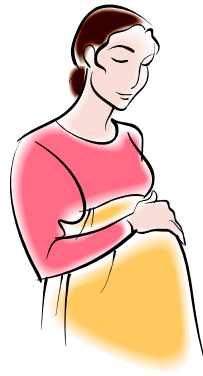

Suitable for ages 12 and up.

Suitable for ages 12 and up.

Antenatal Group

We would like to offer pregnant women in the area the opportunity to meet other pregnant women in the area and gain information about pregnancy, birth and parenting. This group is women driven so what information you require the Southern Primary Health Team are able to meet your needs. This group is able to discuss issues that may not be covered in another antenatal session as well as covering the usual topics that would be discussed. Friendly informal chat, written information as well as DVD or videos.
